Disney's
Beauty and the Beast

Love's Magic Tale

Start with a spell and a Beast who must learn to love to break his enchantment. Add a magic mirror and rose. Combine with a lovely girl named Belle, her scatterbrained father and a cunning village bully who will stop at nothing to wed her. Then stir in dozens of funny Enchanted Objects, some starry nights and you have "Beauty and the Beast" – a tale of love's transforming power.

The Selfish Prince

2

Once there was a selfish Prince who had everything his heart desired – but nothing in his heart. One winter's night, an old beggar woman came to the castle, offering a single rose in return for shelter. When the Prince refused her, the beggar turned into a beautiful enchantress who cast a spell upon him.

A Terrible Spell

3

For his hardheartedness, the enchantress transformed the Prince into a hideous Beast and all who lived in the castle into Enchanted Objects. Ashamed of his appearance, the Beast hid inside the castle, with a magic mirror as his only window to the world, and the enchantress's rose as a constant reminder.

An Enchanted Rose

4

Only if the Beast learned to love and be loved before the last petal on the rose died, could the enchantress's spell be broken. Years passed, and one by one the petals wilted and fell as the Beast lurked in the dark castle, roaring out his loneliness and despair.

A Peculiar Mademoiselle

5

Meanwhile, in a nearby village, a lovely young girl named Belle and her scatterbrained inventor father, Maurice, have come to live. It's a quiet little town, and Belle, a beauty with brains, somehow doesn't quite fit in with the townsfolk, who find her a bit peculiar.

A Fine Invention

9

As Gaston and LeFou mock Belle's father, a sudden explosion from her house rocks the air. Running home, Belle finds Maurice tinkering with his latest invention – an automatic woodchopping machine. To his and Belle's delight, he gets it working – just in time to take it to the inventors fair!
